

Introducing the FIRST lip booster of its kind... and it's NOT a filler 💋

AMiKO Tulip delivers volume, softness, and visible results.

AMiKO Tulip Lip Booster is packed with revolutionary ingredients you won't find in any other lip treatment on the market.

Here's what's inside (and why it works) 👉

🧪 Trehalose – A sugar molecule that protects your cells from dryness, heat, and stress. Think of it as your lips' personal bodyguard against environmental damage.

💧 Hyaluronic Acid – The hydration hero that attracts and retains moisture, giving your lips that plump, pillowy finish.

🍇 Blackberry Fruit Extract – Rich in antioxidants and Vitamin C to brighten, smooth, and protect.

💊 Niacinamide (Vitamin B3) – Improves skin texture, boosts elasticity, and restores barrier function.

🧬 Peptides & Amino Acids – These are the building blocks for stronger, smoother, more youthful lips.

🌿 Gallic Acid – A powerful antioxidant and collagen booster that smooths and softens the lip surface.

🛡️ Escin – Soothes inflammation, improves microcirculation, and supports vascular health for naturally flushed lips.

🔄 Panthenol (B5) – Deeply hydrates and helps repair damaged or cracked lips.

🌟 Vitamin B12 (Cyanocobalamin) – Heals, hydrates, and reduces redness, perfect for sensitive, chapped lips.

And yes... it includes Betaine, Arginine, and more for long-term conditioning and anti-aging support.

This isn't a balm.

✓ It's a bioactive treatment for your lips.

Ready to upgrade your lip game and offer this in your clinic?

Treatment protocol:
